Starting 6th grade spectrum, the repeating questions got reduced, so it's even better. Spectrum math workbooks don't have much of explanations, but rather have lots of real practice questions. I don't think math unto 5th grade or 6th grade does not require much of teaching anyway. Kids just need to practice a lot.

GO Math will be used as a valuable resource for both teachers and students to provide a framework on which to build our math curriculum. However, we clearly recognize the expertise of our faculty and know that a national textbook series will not exactly meet the needs of our students here at Penn Cambria.
