Narrative Medicine | JAMA Network

This journal works within the genre of "narrative medicine," a movement which originally invited healthcare providers and patients to reflect on their experiences using writing and art.

The Journal of Narrative Medicine

Journals that Accept Submissions for Medical Narratives. Medical narrative writing is the reflective writing of both physicians and patients about their experiences in medicine and clinical care. Recently, medical narrative writing has begun to be integrated into medical education in order to further instill an awareness of students' -- and their patients' -- emotions, to develop critical thinking, and to examine the medical profession and their place within it from different perspectives.
