Listen And Learn Learning To

The first step in learning to listen is to learn to be quiet. Make a friend of silence. This can be difficult because nobody wants to be thought of as dull. There is a natural desire to respond quickly, and to be seen as interesting and smart. But if you resist this urge even a little bit, a new thing can begin to happen.

The principal step in learning to listen to others so that we can truly engage with them, is to get over ourselves. First, we have to learn to simply shut our mouths. I often joke that the first step in helping others is to shut up. As we close our mouths we can open our ears to hear, to listen and learn from those around us.

Learning to Listen, Listening to Learn | THRED

Listening is probably the least explicit of the four language skills, making it the most difficult skill to learn. This chapter begins with a brief overview of cognitive processes involved in listening and their implications for L2 listening instruction.
