Microsoft Office Word 2007 Plain

Office 2007 is sold on the alleged simplicity of the program and its 'easy to use interface'. I don't wish to gripe on yet again (see other reviews) about the awfulness of this latest version of Microsoft Office, but the book frankly only emphasised the fact that the program is either plain and simple, (in which case the book is not necessary), or it is not (in which case the claims for the program are misplaced).
