The worldwide prominence of snakes in religion, myth, and folklore underscores our deep connection to the serpent -- but why, when so few of us have firsthand experience? The surprising answer, this book suggests, lies in the singular impact of snakes on primate evolution. Predation pressure from snakes, Lynne Isbell tells us, is ultimately responsible for the superior vision and large brains ...

Fruit is that part of the tree which belongs not to the individual, but to the race. In the fruit the tree sacrifices its own life for the life that is to spring from it; converts branch and foliage that would have remained and ministered to its own beauty, into blossom and fruit that fall off and minister to the good of others.

The FRUIT TREE deserves all the compliments it can get !!! Honest product, fresh, local, nourishing, and delicious!! I had my daily honey coffee leftover, because I did not crave it once I had this green smoothie. Co-workers who had it the same day were energetic and seemed more productive, happier, and less conflict driven throughout the day.

Sclerocarya birrea (Ancient Greek σκληρός, sklērós, "hard", and κάρυον, káryon, "nut", in reference to the stone inside the fleshy fruit), commonly known as the marula, is a medium-sized deciduous tree, indigenous to the miombo woodlands of Southern Africa, the Sudano-Sahelian range of West Africa, and Madagascar

Sclerocarya birrea - Wikipedia

A fruit tree is a tree which bears fruit that is consumed or used by humans and some animals — all trees that are flowering plants produce fruit, which are the ripened ovaries of flowers containing one or more seeds. In horticultural usage, the term 'fruit tree' is limited to those that provide fruit for human food. Types of fruits are described and defined elsewhere (see Fruit), but would ...
