From 2011 onwards, esports was fully equipped to take on the world on its own terms, and things were already expanding at a rate of knots. 161 esports tournaments were held in 2009, but by 2012 that number had shot up to 696, and continued to rise. Likewise, \$2 million in annual prize money in 2009 became \$10 million in 2012.

...

Here, he discusses current and future ramifications of COVID-19 on esports. Most people think of gaming as something that happens at home and online, but for the world of competitive esports, that's not really the case. How have esports been affected by the stay-at-home directives? COVID-19 has been both a challenge and a boon for esports.
