Book Description.

Managing people is
difficult wherever you
work. But in the tech
industry, where
management is also a
technical discipline, the
learning curve can be

Camille Fournier has a new book out all about how to be a great technical leader called, The Manager's Path. It's a great look at what you need to think about at every step in your career from first job to CTO of a growing organization. Similar to John Wooden's book we recently highlighted

Get Free The Managers Path A Guide For Tech

takeaways from, this book is like having a series of coffees getting career advice from Fournier.

5 Key Lessons from Camille Fournier in The Manager's Path

A management career path is not a straight line, nor is it the same for everyone. However, they all have a starting point and milestones along the way. Each path leads managers
