Originally published by Thorsons, We Borrow the Earth reveals the experiences and knowledge of one of the few remaining 'chovihanos' (Gypsy shamans) still practising in Britain. Drawing on his personal experience and the story of his lineage, Patrick Lee explores the history and culture of his people and their knowledge of the ancient arts of healing and prophesy.

We Borrow the Earth: An Intimate Portrait of the Gypsy Shamanic Tradition and Culture. The first book about Gypsy life written by a true Romani. Reveals the inner traditions of the Gypsy way, their healing and magic, their historical migrations, and why gypsies believe they should only 'borrow', rather than own, the earth. The Gypsies have always been a source of both fascination and fear.

5.0 out of 5 stars Believe in the reality of your imagination!  
Reviewed in the United States on November 7, 2000. The Romani drom (path) calls individuals to believe in themselves and their imaginations. Not a book of initiations or techniques or an anthropological report of a tribe's practices, "We Borrow the Earth" vividly depicts key concepts and experiences in the development of an indigenous Romani Chovihano (shaman) as well as many examples from his students' own journeys to self ...

"We have not inherited the Earth from our fathers, we are borrowing it from our children" — so proclaims the cover of Lester Brown's latest book. In 1985 the Los Angeles Times published a story that included a profile of the influential environmentalist David Brower who expressed some confusion when he was given credit for the maxim: 18

We Borrow the Earth and Romani Traditions. Sales of the second edition of We Borrow the Earth are doing good, and that, I hope, means that some of the earlier traditions in this country will begin to have a place in our society. You'll notice I haven't said 'Romani traditions in this country', and that's because many traditions of the Romani people were the traditions of ordinary people across many countries of the world, and in particular Read more of this blog post ».
